

# Tick & Save Campaign

**How to order and collect your repeat prescriptions or medication in a cost effective way that also saves time and the planet.**

**Hand in your completed prescription request form to a member of Staff at the dispensary or office, when you collect your original prescription / medication.  
Remember to tick the items required and add any new items from the Doctor etc.**

**We Issue what you have requested for collection on an agreed date. The date of collection will be stamped on your next prescription request and handed to you.**

**Then Come in on the day stated to pick up your prescription or medication this will cut down the waiting time and the number of trips you make.**
